

ELIXIRION PLENARY MEETINGS

24 MAY 2024
First online plenary meeting on 24th of May, 2024 which facilitated broad participation and discussion for the first steps.

30 SEPT 2024
Second plenary meeting in Thessaloniki, Greece, at WinPhoS Research Group premises. This meeting offered an opportunity for in-depth collaboration and networking.

Dr. Agapi Mesodiakaki, Senior Researcher at AUTH and WinPhoS Research Group, delivered a talk on 'Experience and Lessons Learnt Towards Next-Generation Networks' at the She STEMs 2024 Symposium, hosted by Greek Women in STEM.

Mr. Lazaros Liatsas and Dr. Angelos Antonopoulos both from Nearby Computing, Barcelona, showcased the groundbreaking ELIXIRION Project to the global tech community at Mobile World Congress (MWC) 2024.

Complementary Course 1

She STEMs 2024

Complementary Course 2

MWC 2024

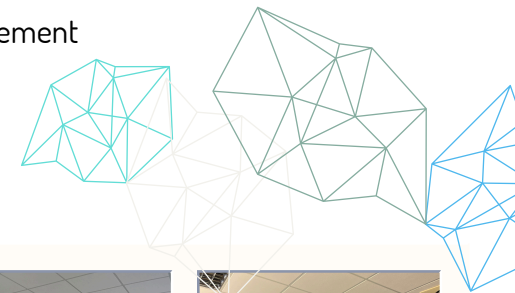

PROFESSIONAL DEVELOPMENT COURSES

From October 1-4, 2024, AUTH hosted two courses in the Center for Interdisciplinary Research and Innovation (KEDEK) Thessaloniki, Greece:

💡 Scientific Writing, Research Integrity, and Misconduct

💡 Presentation, Communication, and Teamwork Skills Improvement

Prof. Dionysis Xenakis of NKUA represented ELIXIRION in a panel discussion at the Navigating the Future II Conference in Athens, Greece!

Additionally, in April 2024, Dr. Xenakis hosted Prof. Symeon Chatzinotas from the University of Luxembourg for an enlightening lecture about large satellite constellations in integrated terrestrial non-terrestrial networks and other key 6G technologies, such as artificial intelligence and computing in space.

ELIXIRION DISSEMINATION ACTIVITIES

Dr. Nikolaos Pappas, Associate Professor at Linköping University and a valuable ELIXIRION member, continues to spread knowledge on "Goal-oriented Semantic Communication" globally.

LET'S COMMUNICATE

ELIXIRION was proudly represented at this year's Researchers' Night in Greece by Mrs. Upaangana Das, a doctoral candidate, and Dr. Agapi Mesodiakaki, Senior Researcher, both affiliated with AUTH—a night of success!
